

## And That's a Wrap!

### Beetle Bugs, Leopards Graduate

Our Beetle Bugs and Leopards are Kindergarten ready! Joy, laughter and tears were aplenty as we celebrated their tremendous accomplishments.

Here they are pictured celebrating this important milestone at their graduation ceremony held Wednesday.

Our students will thrive and excel in Kindergarten and we could not be more proud. We are grateful for being able to help build their strong academic foundation.

It's difficult at best for our staff to say "so long" to our graduates, most of which we have taught for three years. We hope you'll come back to visit!

## End-of-the School Year Picnic

Current and incoming WCC families and staff gathered last Wednesday in near perfect weather to meet and greet one another. It was a time to enjoy the end-of-the school year and to forge relationships for the next year. By all accounts the picnic was a resounding success!

We take this time to thank all our parents and staff for a successful school year. It was not without COVID tribulations and challenges but together, we did it! We have the most dedicated and professional staff who love coming to work every day! And we are continually amazed and inspired by the parent/guardian support of our community. *Case in point:* Thanks to your generosity and to the organization of **Jen McCarthy**, WCC donated 17 large bags of clothing and books to Interfaith Charity Works. We appreciate Jen's leadership on this project and all those who gave items to benefit those in need.

Enjoy the hazy, lazy days of summer. We'll see you in August!

Best,

*Libby*
