

Meet Our Executive Director Libby King

Libby first began her career as a teacher for WCC in 1991, over 32 years ago! She was promoted to a site director in 2001. The next step came in 2012 when Libby assumed the position as executive director.

Three decades later, under Libby's leadership, WCC has evolved and is a family focused and premier nationally accredited play based preschool. Libby is grateful to WCC families for being strong partners in their child's education. She also credits WCC successes for creating a safe and warm place for children to learn and adds, "WCC is fortunate to have a team of dedicated and caring staff that invest in the well begin of our students."

When Libby isn't at work, she enjoys spending time with her husband Brian and son Jeremy and their cat fur babies. She also loves time on the water or in the pool.

Classroom Update

We have a robust 2023 class of adaptable students who are well in their way into the school year! Although it is only the second full week of school, the children have already become familiar with their new routine, met new friends and have actively participated with classroom and play activities!

Each week we will add a new element to our circle time at the beginning of our day. This week the children are starting work on a Back-to-School night project and on Friday, we have Show and Tell. The children are excited and keep sharing what they plan to bring but it changes from day to day or rather minute to minute!

Next week we will learn about "friendship" completing several activities and playing more instructional and fun games!
